SOFT SKILLS:

Ability to Collaborate | Adapt Easily in a New Environment | Emotional Intelligence | Friendly Personality | Humility | Fast Learning | Problem-Solving | Process Improvement Expertise | Self-starter | Strong Work Ethic | Team Leadership

I have helped at least 3 clients scale their businesses by at least 30% over a 12-month period by building for them a high-ranking, sales-conversion website.

Experience

Web Content Writer

Decentralize Africa

Feb 2022 - Present (7 months +)

At Decentralize, I use my skills in content writing to create fascinating and informative contents that suit the blog.

I also employ my expertise in Search Engine Optimization to ensure that the contents I create for Decentralize help their website to rank higher on search engines.

Frontend Web Developer

unlimited.ng

Nov 2020 - Jul 2021 (9 months)

- I was able to get a better grasp of JavaScript and also CSS pre-processors which made implementing complex designs easier.

- The company hosted a Web Development Bootcamp where I taught 5 students HTML, CSS, and JavaScript to a confident level.

- I collaborated with the marketing & design team where we redesigned the company's website to help convert, and bring in more clients.

- I worked on over 15 unique projects in total over an 8-month period.
